APPLICATION SOFTWARE

I. DELIVERABLES

The Company does hereby grant and Customer accepts a personal, nontransferable and nonexclusive right and license to use the application software identified on the attached Schedule B during the term of this Agreement.

II. DEFINITIONS

"Program Products" shall collectively mean the application software identified on the attached Schedule B and all related materials, such as documentation, data dictionaries, etc.

"Documentation" shall mean the user manual and other similar information about the features and use of the Program Products. Such documentation shall be provided, at Company's option, in either hard copy or in electronic form.

III. DELIVERY

Company shall furnish Customer, on or about a mutually agreeable delivery date, the then current version of the Program Products.

IV. OWNERSHIP/CONFIDENTIALITY

Customer acknowledges that the Program Products, including all underlying intellectual property rights, are and shall remain the exclusive property of Company and that Company holds the copyright interests therein, the Program Products being treated as unpublished works. For purposes of this provision, the term "Program Products" shall include, without limitation, all databases and database files. Customer further acknowledges that the Program Products incorporate trade secrets and confidential information of Company, and Customer shall hold the trade secrets and confidential information in trust and shall not disclose, publish, release, transfer or otherwise make available any Program Products, in any form, to any person other than an employee of Customer or Company without the prior written consent of Company, except during the period any such person is on Customer's premises for purposes specifically related to Customer's use of the Program Products. Customer shall take all reasonable steps to insure that its employees comply with the terms of the provision. Customer shall not allow the Company's Program Products to enter the public domain.

The Program Products shall be used only for the processing of Customer's own transactions and maintaining its own records. Customer shall not: (a) permit any third party to use the Program Products or the related documentation, or permit access thereto except by its employees who need such access to carry out their duties in the ordinary and normal course of Customer's business; (b) use the Program Products or the related documentation in the operation of a service bureau or to process data or transactions for other persons or entities; or (c) allow access to the Program Products through terminals (other than those of Company) located outside Customer's business premises without the express written consent of Company.

Customer acknowledges that the Company may, at its option, provide the Program Products in either an object code or an interpreted code version. In any case, the Customer shall not translate, reverse engineer, decompile, recompile, update, enhance, modify or create derivations for all or any part of any Program Product(s) or merge any Program Product(s) into any other software. In the event Customer breaches this provision, Company's responsibility, if any, to support the Program Products shall immediately cease and the Customer's right to use the Program Products shall immediately terminate.

Customer shall have the right to copy the Program Products for backup and archival purposes only. Customer shall not remove any copyright, trademark, proprietary legends, or legal or warning notices included on or embedded in any Program Products. All copies made by Customer shall be the property of Company.

Customer recognizes and acknowledges that in the event of any breach of this provision (either actual or threatened) by Customer, Company's remedies at law shall be inadequate. Customer agrees that, in such event, Company shall have the right of specific performance or injunctive relief, or both, in addition to any and all remedies and rights of law or in equity and such rights and remedies shall be cumulative.

APPLICATION SOFTWARE (cont.)

V.

DATABASES

Customer acknowledges and agrees that the structure and sequence of the databases and database files, including those created by Customer under this Agreement, are proprietary to Company and subject to the confidentiality requirements as set forth in this Agreement. Any data supplied by Customer shall remain the property of Customer. Upon termination of this Agreement and upon request by Customer, Company shall return the data to Customer in a format reasonably requested by Customer (other than Company's proprietary format) upon payment of Company's then current fee for this service. Customer shall in no event continue to use the database or database files or provide the database or database files to any third party after the termination date.

VI.

WARRANTY

Each Program Product is warranted, for a period of one year, to conform to the design specification for that release as designated on the Program Product specification or similar applicable release. Customer agrees that its sole and exclusive remedy and Company's sole obligation, if a Program Product warranted hereunder fails to conform to the applicable design specifications and Customer has advised Company of such failure in writing during the term of the warranty, is for Company to provide programming services to attempt to correct any defect in a timely manner. For purposes of this provision, non-conformance to design specification and the term "defect" shall mean only significant deviations from the design specifications for such current release of the Program Product. In the event Company does not correct any such defect after it has had reasonable opportunity to do so, Customer's exclusive remedy shall be the refund of the amount paid as the license fee for the defective Program Product.

Company warrants that the Program Products will operate accurately, and will not abruptly end or provide invalid or incorrect results, during operation prior to, on or after January 1, 2000.

THE ABOVE IS THE ONLY WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, THAT IS MADE BY THE COMPANY WITH RESPECT TO PROGRAM PRODUCTS. THE COMPANY MAKES NO OTHER SUCH WARRANTY, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY DISCLAIMED. NO ORAL OR WRITTEN REPRESENTATIONS, INFORMATION OR ADVICE GIVEN BY THE COMPANY, ITS AGENTS OR ITS EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THE ABOVE WARRANTY, AND CUSTOMER MAY NOT RELY ON ANY SUCH INFORMATION OR ADVICE FOR THAT PURPOSE.

VII.

INTELLECTUAL PROPERTY INDEMNITY

Company agrees to indemnify, save harmless and defend Customer, at the expense of Company, from any and all suits, judgments, costs, damages, claims, demands, actions, causes of action, proceedings, expenses or liabilities of any nature, which are threatened or brought against, or are incurred by, Customer arising from a claim that any element of the licensed application Program Products constitutes an infringement of any United States patent or copyright, or is a trade secret of another, provided, however, that Company is notified thereof promptly in writing. Company shall have the sole control of the defense of any such suit, proceeding or action. Company, in its sole discretion, shall have the right to settle any such suit, proceeding or action.

If the use of any element of a Program Product is enjoined or prohibited or threatened to be enjoined or prohibited as a result of any such claim, suit, action, proceeding or settlement, Company shall have the right to (a) procure for Customer the right to continue to use said element; (b.) replace said element with a comparable element which is non-infringing or is not such a trade secret; (c) modify said element so it becomes non-infringing or no longer is such a trade secret; or (d) terminate the license for said element and credit Customer the amounts Customer has paid to Company for said Program Product.

APPLICATION SOFTWARE (cont.)

VIII. RETURN UPON TERMINATION

Within thirty (30) days after the termination or cancellation for any reason of the license(s) granted hereunder, Customer shall deliver to the Company the Program Products, and all copies thereof in whichever form, Customer shall certify, in writing, to Company that it has destroyed all electronic and/or archival copies of the Program Products. Upon prior written authorization from the Company, the Customer shall be permitted for a specific period thereafter to retain one copy of certain materials for record purposes.

"Release"

Means a software product providing minor error corrections, modifications or enhancements to a Program Product Version and which is generally offered and expressly designated by the Company in its sole discretion as a Release.

"Version"

Means the original of or a successor to a specified Program Product and which is generally offered and expressly designated by the Company in its sole discretion as a Version.

"Error or Defect"

Means any failure of a Program Product to conform in all material respects to its functional specifications as published from time to time by Company.

II.

SCOPE OF SERVICES

Company shall render to Customer the following services:

A. SOFTWARE

Program Products

Company shall provide support services for the Program Products identified on Schedule B hereto. Such services shall include troubleshooting, technical analysis, problem diagnosis and procedural assistance. All such services shall be provided via telephone contact with Customer and/or remote dial-up access by Company into Customer's computer system.

Company shall be responsible for using all reasonable diligence to attempt to correct or cure any verifiable and reproducible Error or Defect in a Program Product by issuing corrected instructions, a restriction, a bypass or procedural workaround or a new Release. Company shall not be responsible for correcting any Error or Defect in any version of the Program Products other than the most recent Version/Release of the Program Product, provided that Company shall continue to support prior Releases for a reasonable period sufficient to allow Customer to implement the newest Version/Release. In the event Company does not resolve an Error or Defect after it has had a reasonable opportunity to do so, Customer's exclusive remedy shall be the refund of the amount paid as the license fee for the defective Program Product.

Company shall issue new Releases of the Program Products from time to time to its contracted support customers. Such Releases may include functionally enhancements, error corrections and modifications required by legislation and/or administrative rule. Depending upon the scope and magnitude of the new components of a given Release, Company may, in its sole discretion, charge Customer additional fees for such Release. In such event, Company may spread its fees for such a Release proportionally among the users of the Program Product. In no event will any such fees exceed Company's then current list price for that Program Product.

From time to time, Company may develop a completely new Version of a Program Product. Said Version would typically incorporate the use of new technologies as well as the addition of significant functional enhancements. For such new Versions, Customer must pay additional license fees, as determined by Company. In such event, Company shall continue to support the prior Version of the Program Product for a reasonable period.

SUPPORT SERVICES (cont.)

II. SCOPE OF SERVICES (cont.)

A. SOFTWARE (cont.)

System Software

Company shall provide support services for only such system software products specifically identified as eligible for Company support on Schedule A hereto. Company may not provide support services for each of the system software products it provides Customer under this Agreement. For each system software product that is supported by Company, such support shall include trouble shooting, technical analysis, program diagnosis and procedural assistance. All such services shall be provided via telephone contact with Customer and/or remote dial-up access by Company into Customer's computer system. For almost all system software products provided by Company, Customer must pay additional fees for new releases and new versions. For certain select system software products, Company does offer a comprehensive support services plan, which includes new releases/versions at no additional cost. Any products covered under this plan must be specifically identified as such on Schedule A hereto.

B.

EQUIPMENT

Company shall provide onsite equipment maintenance for those hardware products specifically identified as eligible for Company maintenance on Schedule A hereto. Equipment maintenance services shall include troubleshooting, technical analysis, problem diagnosis and repair or replacement of the defective device. Any replacement unit shall be of equal or better quality and functionality than the defective device. Company, at its sole option, shall provide such services either directly, with Company's own employees, or indirectly, through the manufacturer or through third-party subcontractors. In any event, Company shall remain solely responsible to Customer for problem resolution.

In certain instances, Company may elect to replace a defective unit with a loaner unit. In such event, Company shall ship the loaner unit to Customer and Customer shall ship the defective unit to Company for repair. Once repair has been completed, the unit shall be returned to Customer and Customer shall return the loaner unit to Company. All shipping costs associated with such activity shall be the responsibility of Company. The parties further agree that the method of packaging and shipment shall be in accordance with commercially reasonable standards.

The Company is not obligated under the terms of this Agreement to repair damage to equipment caused either directly or indirectly by (a) nuclear radiation or radioactive contamination arising out of the use by Customer of radioactive material, (b) accident, negligence or abuse of or by Customer or third parties, (c) failure of Customer to maintain required environmental conditions, (d) causes external to the system such as electric power fluctuation or failures, (e) fire, windstorm, the elements, or acts of God or (f) attachment of non-Company equipment or features to the equipment by Customer or third parties. Such repair will be rendered only upon specific order by Customer and after approval by Customer of the estimated charges thereof.

Maintenance charges do not include the furnishing of supplies (such as ribbons, paper forms, media, printheads, toner or laser drums). Only supplies which meet manufacturer's specifications shall be used by Customer.

SUPPORT SERVICES (cont.)

II. SCOPE OF SERVICES (cont.)

C. GENERAL

In certain situations associated with the repair or correction of a reported problem, additional effort may be necessary to return the system, as a whole, to normal operation, i.e., re-loading of system and/or application software, restoration of data files, etc. In such cases, it may be necessary to secure the onsite services of a Company technician. These services will be provided Customer at additional cost, billed at the Company's then current daily rate, plus travel related expenses.

Should the Customer from time to time require and request other services offered by the Company but not covered under this Agreement, the Company will provide such services at its then current time, materials and travel rates.

The Company reserves the right to request that Customer upgrade its equipment, systems software and/or Program Products to a subsequent or new release, version or model on Company request. Customer acknowledges, understands and agrees that in the event that Customer refuses to upgrade, Customer may preclude Company from performing its duties and obligations hereunder. In such event, and notwithstanding any other provisions of this Agreement, Company reserves the right to discontinue support services.

Company shall have no responsibility or liability with respect to any problems associated in any way with Customer's installation and/or use of any equipment, system or application software purchased by Customer from another vendor. Customer acknowledges that its use of such products may adversely effect the operation of those products supplied by Company. In such event, Company will, at Customer's request, provide its best efforts to identify and, if practical, to resolve the problem. If the problem is ultimately determined by Company to be caused by or attributable to another vendor's product, Customer shall pay Company additional fees calculated at Company's then current time, material and travel rates.

III.

TERM OF SUPPORT AGREEMENT

Support services shall commence on the first of the month next following installation and shall continue for an initial period of thirty-six (36) months.

This Agreement shall renew automatically for additional terms of twelve (12) months unless either party provides the other written notice of termination ninety (90) days prior to the expiration date of the initial term or any subsequent twelve-month term.

SUPPORT SERVICES (cont.)

IV. COMPENSATION

In consideration of the performance of such services as set forth in this Agreement, the Company will receive fees in the amounts set forth in Schedule A and/or Schedule B from the Customer. These fees are subject to change as further described in Section V.

V. PRICE CHANGES

If the Company utilizes a third party equipment maintenance services provider, the Company shall be entitled to change any price for equipment maintenance services upon thirty (30) days prior (to the next invoicing cycle) written notice in order to pass through to the Customer any price increase or decrease which the equipment maintenance services provider may from time to time make.

The Company shall be entitled to increase any prices for software support and/or equipment maintenance services provided by the Company upon thirty (30) days prior written notice to the Customer, no more than once in every twelve (12) month period under this Agreement.

VII. COMPANY RESPONSIBILITIES

The Company shall maintain a trained staff capable of rendering the services set forth herein and will perform its services under this Agreement in a professional manner, consistent with standard industry practices.

The Company will safeguard any materials, equipment and information provided by the Customer during the term of this Agreement in a manner prescribed by the Customer. In lieu of specific guidance from the Customer, the Company will use reasonable care to prevent unauthorized disclosure of Customer information.

VIII. SUBCONTRACTS

The Company reserves the right to subcontract work, as it deems necessary, to perform the services under this Agreement.
